

DCM Report to District 11 on the 2017 ISC

Things didn't go the way I thought they would . I went to the registration desk and checked in and picked up the name badge and copies of the program. I introduced myself as the Chair for the 2018 ISC and with flyers in hand asked if I could leave a stack of flyers at the registration desk/ area . I was shocked when I was told no, I was told that all flyers had to be in the Hospitality Room. I felt unwelcomed so I didn't ask about having someone sit at the registration desk and sign people up for 2018. Down to the Hospitality Room I went with flyers in hand , shocked again to find the Literature sales, Corrections, Archives, and the ISCYPAA National Conference all with tables set up all the way around the Hospitality room Had to leave a stack of flyers on the Corrections table after asking if it was okay. Also left a stack on a small table in the hallway outside the "Hospitality room". Went to the opening of the conference good speaker Friday night , after I was introduced to the rest of the Policy and procedure Committee and gave away flyers to both area 19 and 20. Mission accomplished. Saturday was packed with panels 4 or more at the same time. Had Lunch With Pat, Paula, and the other Policy and Procedures Members after finding out about the meeting of the committee at noon but it wasn't listed on the program but I finally found them and joined in late, Was totally baffled when they asked me if I had any Questions for them. Was tired by late afternoon 4 or so went up to room to make coffee. I sat down looking at the flyer something seemed wrong , the DATE!!! Yes the date was incorrect. Defects of mine came out! Thanks Billy for your support needed help and he was there. Attended the banquet and the Main speaker 's story was different and powerfull. Sunday Billy and I attended the wrap up meeting and the banner was given to us for next year, Seed money will be sent latter after their final meeting. Forgot about the Program for registration's, Paula is working on it also no tax free id # yet. Love yah Steve S.
