

I would like to thank you all for the opportunity to serve as District 11 webmaster. It has been my privilege to serve since for the last 5 years.

I have contacted GoDaddy regarding moving our website to a new platform.

It would involve purchasing hosting from GoDaddy with security with WordPress installed and transferring our domain name. This would allow us to add the “Meeting Guide” plug-in. It would give our online meeting guide a new and improved look (see <https://www.aa-district14.org/meetings/>) as an example. As well as allow mobile users to access our meetings using the Meeting Guide app, which has recently been purchased by Alcoholics Anonymous World Services, Inc. (see [https://www.aa.org/pages/en\\_US/meeting-guide](https://www.aa.org/pages/en_US/meeting-guide)). This move would also allow use to install many other plug-ins such as accepting payments, adding form builders, file management, and better analytics, some of these are free and some have a cost.

Their representative informed me that the cost for managed WordPress with security would be \$168.33 per year. the domain registration would be additional at approximately \$18.00 per year. There would also be a domain transfer fee of approximately \$8.00. For a total of \$189.33 for the first year and \$181.33 annually after that.

Our last bill yearly bill for WordPress.com (an online website builder) was \$48.00 and Domain registration fee of \$18.00 for a total of \$66.00 annually.

The Difference would be \$115.33 annually. Also note we could stay with our current platform and upgrade to a Business plan on sale now for \$26400 annually (the Domain fee would still apply).

Working with either would is virtually the same, we use the GoDaddy hosting option at the area level. Anyone with some computer knowledge should be able to work with either. However, the addition of the Meeting Guide plug-in would make updating and maintain the meetings on the website much easier.

In my opinion the move to GoDaddy would be a good one, but I will continue to serve either way.

On a side note if anyone is interested in the webmaster position at the next election, helping with the transition would be an excellent time to get involved as a co-chair.

Respectfully submitted.

Tim C.

District 11 webmaster.
